Your Perfect Smile

The most important goal is to achieve a healthy and beautiful smile when your braces come off. Pinnacle's crucial attention to detail ensures there will be no delays in your Orthodontist's work, and its unique features will help you and your Orthodontist achieve a smile that you love.

The Pinnacle Difference

Designed with form, fit, and function in mind, Pinnacle is one of the most comfortable and efficient braces available. You'll notice a comfortable fit, and a beautiful high-shine appearance for metal braces that are very attractive.

Not to mention, these innovative brackets give your Orthodontist extra tools to get the job done more efficiently so you can get the smile you want sooner.
