

# Want to Simplify your Class II/III Treatment?

Treat Class II or III with reduced inventory and less breakage!

**BUY 5 GET 2 FREE!\***

## TruEase™

Class II/III Bite Corrector Devices

- More Comfortable than Open-Spring Correctors**

The fully enclosed spring is more hygienic and has no exposed mechanisms to impinge soft tissue

- No Reactivation Needed**

"Out-of-the-box" installation in one appointment, and continuous forces until removal

- Simpler Inventory**

Only two sizes to choose from per style - the universal design fits both sides of the mouth

- Also Treats Class III**

Both Double Lock and Anchor Wire appliances can attach to either arch for Class II or III treatment

### Class II Case Study

Patient with Class II, 1st division malocclusion and increased overbite and overjet.

### No Bands & Headgear Tubes Needed

"The TruEase Double Lock version attaches directly onto orthodontic archwires without the necessity of laboratory work, and allows lateral mandibular movements."

- Dr. Pablo Echarri, Orthodontist
